A commission was ordered the same day and forwarded to him yesterday as Minister to France vice Mr. Bigelow whose resignation was received a few days since. General Dix has executed his official bonds as naval officer, but it is believed he will accept the mission to Paris. It is further stated that John J. McCorley, Consul at Paris, and John Hay, Secretary of Legation, both of them Mr. Lincoln's private Secretaries, will be removed. Mr. Harvey, now Minister to Portugal, whose salary was cut off by Congress, is likely to receive the Paris Consulship. No change is likely to be made in the mission to England.

CHICAGO, Sept. 27.—The New York *Times*, yesterday, editorially intimates that Mr. Raymond will not be a candidate for re-election. The *Times* has virtually abandoned its allegiance with Democratic leaders and reiterates that they have violated their compact, and that they are using impulses given by the Philadelphia Convention to rebuild their own political faith, which it says they cannot be permitted to do.

The New York *Evening Post* comes out squarely for Gov. Fenton's re-election and says he will have an astonishing majority. The Troy *Whig* and Buffalo *Commercial Advertiser*, who went into the Philadelphia National movement have abandoned it and come back to the regular Republican ranks. The Troy *Whig* says Northern people will never allow the old Democratic leaders to bear away the fruits of our National victory.

Montgomery Blair was yesterday nominated to Congress by the conservatives of the fifth Maryland district.

The New York *Herald* urges the President to recommend the Southern States to adopt the constitutional amendment, lest harder conditions befall them. Says that Thurlow Weed's mission to Washington was to recommend this course, and that Seward recommends it.

The *Tribune's* Washington special says there are numerous indications that the minds of the Southern leaders are to be prepared for the contingencies of accepting the constitutional amendment in case the radicals are successful in the coming elections; as everybody excepting President Johnson anticipates they will; but it is not certain whether the ratification of the amendment will be openly advocated after the result of the election is known, although it is understood that the matter has been discussed between the President and the cabinet, and that Mr. Johnson is more averse than are his advisers to any steps which looks like an advocacy of this policy.

European News.

CHICAGO, Sept. 27.—Among the news items per steamer from Europe, we find the following:

The Prussian Chambers have been debating the bill for the election of deputies to the general parliament. Amendments were offered and accepted for allowing all men to vote at the elections, and demanding that candidates have full liberty of speech during the election, and that members should be paid.

The Eastern question again claims attention. The *Continental Journal* states that it is no longer the insurrection in Candia which causes uneasiness to the Porte, but insurrections beginning in Eosecna and the Islands of Cayos and Cyprus.

The Vienna *Faller* says it learns that France had made earnest protest to the Porte against any action in regard to island in the Gulf of Aragon. France has been supported in this by England.

The London *Morning Post* says it is stated that the British Government has advised the Port to accord to the island of Crete a samtoo similar to that of Servia, but that the Porte refused to act on the advances.

The 15th of September was the second anniversary of the Paris Convention for the evacuation of Rome, and the London *Times* says it is understood that the evacuation will be complete by December. Meanwhile the so-called French pontifical legion of 1,300 men has to embark on the 17th, at Antibes for Cavlis Verpia, on a French steamer, as the General in command objects to his French troops coming in contact with the troops of the Pope.

Rumors from Mexico continue very conflicting. Maximilian would at last make a determined military effort prior to abdicating, if that step has to be taken. A Mexican army 50,000 strong, which is to be mainly officered by Frenchmen, is one of the things spoken of. The Convention between France and Mexico, of July 31st, transfers to France one-half the receipts from the mercantile customs, in order to secure principal and interest of the loans contracted in 1864 and 1865, and all obligations resulting therefrom, and likewise for the payment of three per cent. interest on all sums due to France. The amount of the latter debt, which is valued at 250,000,000 francs, will be subsequently definitely fixed.

From the Rio Grande.

WASHINGTON, Sept. 27.—The Navy Department has received advices of the arrival of the United States steamer *Nebraska* from Tampico via the Rio Grande at Pensacola on the 21st, and her commander reports that no Imperial vessel of war had appeared off Tampico or the Rio Grande. No apprehensions of a blockade were entertained and American interests had not suffered by the violence of either contending party.

Violent Storm in the East.

GAPE BAY, Sept. 27.—The equinoctial gale of Saturday, which was very severe in New England, greatly damaged the lines east. Mackay, the Superintendent, expects to have them working through soon. The European news will quite probably come to-day.

Commercial Report.

CHICAGO, Sept. 27.—Flour, 15@20c lower. Wheat, 2@3c higher, closing at $2 23. Corn, 2c higher.

NEW YORK, Sept. 27.—The money market is abundantly supplied at unchanged rates. The principal feature to-day was the advance of five-twenties of '71 to 109½ at which price there were no sales. The steamer *Ville de Paris* to-day brought 650,000 francs. General Beauregard came as a passenger. Flour and wheat are without decided change. Corn, 1@2c better, closing active. Sterling, firm; gold scarcely so firm. The *Commercial* says the stock market is evidently shaping for active speculation in October.

Rev. Dr. Hawks, an Episcopal divine, died this morning.

Gen. Sweeney publishes a card declining to take any part in the proceedings of the Fenian brotherhood.

Morgan L. Harris has been appointed collector of internal revenue for the north district of this city, vice George P. Putnam, removed.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, Sept. 27.—The Administration Union party have issued a lengthy address to the people on the issues existing between the Administration and Congress. They argue at length that the war was prosecuted simply for the restoration of the Union; that the legal existence of the Southern Confederacy was never recognized; that no States were ever out of the Union, and that President Johnson is pursuing the policy inaugurated by Lincoln, and that the nation, in point of law and political organization, is the same as it was in 1860 before the war. The address closes with an appeal to the voters of California, urging the formation of clubs and county committees; and in order that effective support may be given to the President's policy, it invites the co-operation of all persons who endorse the views put forth by the committee. The address is signed by A. J. Gunnison, Chas. Macley, John Centre, Geo. W. Hager, W. H. Culver, Delos Lake, Edward Stanley, J. W. Wilcox, E. S. Brown, M. S. Whiting, Chairman, and J. N. Thorne, Secretary, National Union State Committee.

As the clerk in S. Somerfield's dry goods store on 2d street, lit the light in the show window last evening, an explosion followed, and in an instant the whole window was in flames. The explosion was caused by the gas.

John Kendall, a wood sawyer by occupation, attempted to commit suicide on Tuesday, by cutting his throat with a razor. Excessive drinking is supposed to have caused the act.

Michael Pride, a workman engaged in excavating on Third street, had two of his ribs broken and received other serious injuries by a land slide yesterday afternoon. Mr. Cameron, the contractor, was also caught, but escaped with slight injuries.

Charles E. Bragge died suddenly yesterday morning. He complained of feeling unwell and laid down, and was discovered a few moments afterward to be in a dying condition.

John Patton, a lad between four and five years old, was run over by one of the South Park cars last evening and had one of his feet and legs terribly crushed.

Nora Brown, a native of Ireland, aged 27 years, was taken up to Stockton by last evening's boat, insane. She had recently been discharged from the asylum as cured, but her old malady has returned, and she is now extremely violent.

The Second Artillery band serenaded Queen Emma last evening at the Occidental hotel, when the band played "God Save the Queen." She acknowledged the compliment by making her appearance on the balcony.

The jury in the case of Theodore C. Sanborn, tried for obtaining money by false pretences, rendered a verdict of acquittal last evening.

A black canvas bag, containing the corpse of new-born babe, was found on Vallejo street, near Dupont, yesterday, by officer Billings.

A notice of intention to apply for the pardon of Geo. Myers, now under sentence of three years imprisonment in the State prison for an assault with a deadly weapon, has been filed in the county court. Myers was convicted in this city on the 15th of March, 1865.

Judge Cowles this morning sentenced William Maguire to pay a fine of $250 for an assault with a deadly weapon.

In the county court this morning, the cases of T. M. Hilton and others, charged with publishing and selling the filthy sheet, the *Mazeppa*, was continued for the term.

F. Raskill, an insolvent debtor, was discharged from his debts this morning.

The steamship *Continental* arrived from Mazatlan this afternoon at 2 o'clock.

The French troops and men-of-war had left Guaymas and the Liberals are in possession.

A letter dated Mazatlan, Sept. 10th, says a severe fight took place at Palas between the French and the Liberals under Corona, in which the French lost 300 killed and wounded; the latter 250. The French returned to Mazatlan. A severe fight also occurred on the 4th at Guadaloupe in which the Imperial General Laborge was killed. His body was hung to a tree and death threatened to any one who cut it down. The Liberal General Martinez on the same day moved on the garrison at Unes, numbering 300 men, who were surprised and cut to pieces, no quarter being given. Pasquiera, who occupied Hermosillo, left on the appearance of French troops, carrying off a great many wagons loaded with provisions. Guaymas was illuminated on the evening of the 14th. General Martinez took possession of the city the next day. The U. S. steamer *Saranac* arrived at Guaymas the same day, to the great delight of the people. The French were expected to evacuate Mazatlan in October. The whole State of Sonora is said to be in undisturbed possession of the Liberals.

Gold in New York was 145¼. Legal tenders are a shade lower, buying 71 and selling at 71½@71¾.

Letter from San Francisco.

SAN FRANCISCO, Sept. 20, 1866.

EDITOR OREGONIAN:

It is a remarkable fact, that notwithstanding the number of banks in this city, and the large capital employed by them, money has not been as scarce in the city for years as at the present time, and some of the best paper in the city commands 17 and 17½ per cent. on the street, as not a single bank can accommodate their customers. The *Bulletin* tries to account for it by the increase of manufacturing interests:

> "Money for commercial purposes has rarely been much scarcer in San Francisco than it is at the present time. There is hardly a banking house in the city that could not employ a larger capital than it commands in satisfying the legitimate demands of commercial men for temporary accommodation. Managers are compelled to refuse, wholly or in part, applications by responsible firms. They have to deny requests for banking assistance by those who are employing their capital in building up the manufacturing interests of the country. They must say "No" to those whose demands might be satisfied without any departure from the rules of the strictest system of banking if the establishments had the capital to spare. The cause of this scarcity of money is generally attributed to the shipment of bullion eastward during the last six months, being so much in excess of the receipts from the mines. No doubt this accounts for much of the tightness in the market; but it must also be remembered that the harvesting of the grain crop this year, from its unwonted bulk, has been unusually expensive to the farmers, and so far but a small proportion compared to the total stock of grain has gone into consumption or been sold for export; and, lastly, that we are engaging more heavily in manufacturing than formerly. Money invested in goods, or employed in Front street stores, is usually turned over several times a year. A jobber, with $50,000 capital, may pass that sum six times or more through his bankers' hands in twelve months; but the manufacturer who has $50,000 capital and sinks $40,000 in building and machinery has only a residue of $10,000, which he can call his circulating medium and pass through his banking account."

Whatever the cause, it does exist, and if it continues it must necessarily retard many enterprises that are projected in the manufacturing interest. The stock market remains inactive, but at firm prices for the dividend stocks, of which there are few sellers. The California Steam Navigation Company paid a monthly dividend of 2 per cent. on the 15th, amounting to $50,000; the Bank of California 1 per cent., or $50,000; the Savage mine $50, or $40,000; the Hale & Norcross $75, or $30,000; the Yellow Jacket $50, or $60,000; the Imperial $6, or $24,000. All these are payable at the Bank of California here, and also in New York at its agency, where all California dividends are settled for. Last December the Hale & Norcross sold as low as $80 per foot, and the Imperial at $75 per share; the former declaring dividends equal to the entire cost per foot then, while the latter is just commencing to pay out $6 dividends. It takes a smart man to keep track of stocks in this market, and he can only do it while his money lasts, which will not be long if he attends to it properly. Stocks have given Wells, Fargo & Co. considerable trouble lately, as they are investigating the third case they have had this summer. There are plenty of victims, but you cannot find those who have made any money.

The following notice is going the rounds of the papers, and as I happened to know some facts in connection with the matter, I have made full inquiries of the contractors, and they pronounce the article false, so far as Frank Kenyon is concerned:

> By a private letter from San Francisco we learn that Frank Kenyon, Republican Territorial Printer of Idaho, went down to San Francisco and in great state contracted for the printing of Idaho. At the time he made the contract, it is said he had the cash to pay, but being a fast young man, his cash was gone when the work was completed, and the poor printer has the books for his money. The laws of the last session at Lewiston were also printed in San Francisco by order of the Republican Territorial Printer, and quite a number of them distributed, but the printer that did the work received but $30 on the job. We think it possible that the next Territorial Printer will have to deposit his cash before the work is commenced.

Gillson, the Secretary of the Territory, was the real party, and his defalcation to Government was the true cause of the delay in the printers hands of the printed matter, but Kenyon did everything that an honorable man could do in the premises. So far from showing signs of being dissipated while here, he was engaged nearly all the time in the printing office superintending the job and reading proof. Having known him for several years, I feel it but justice to make this correction. The fact of his being a Republican while the Democrats have carried the territory is sufficient reason in my mind for the article in question.

I see by the telegraph news that some of the Union members of the State Legislature of your State, show signs of disaffection, judging from their action in relation to the election of Senator. It would no doubt displease the Johnson Democracy could a true Union man be sent from your State. If the Union caucus nominee is sent he will leave an undoubted record as to his true principles, and for one I should be glad to know that he had been elected to represent your State in Washington. He is about as *weighty* a representative as you could select.

As the ladies are interested in knowing what the fashions are to be, I send a description of the new fashioned tight skirt:

> "What do you think is the latest fashion that has come out here from Paris? I saw *it* yesterday on the Fifth Avenue—where everybody promenades on Sunday afternoon to see and be seen by the dressed-up world generally. The latest fashion is a something you will hardly dream of: though every new fashion is only an old one revived. We went back to the ancient farthingale for a lady's crinoline, and now fashion goes still farther back, and jumps to the other extreme, for the skirt of a lady's dress is to be just as narrow as possible, so as to merely allow one a chance to walk. I don't know what fashion will do next, unless it takes us back entirely to the costume of our grandmamas, puts the waist-ribbon up under our arms, sticks a huge coal-scuttle bonnet on our heads, leg-of-mutton sleeves on our arms, and makes positive frights of us completely. This new fashion of tight skirts looks droll enough, you may imagine, among the trailing dresses of the day and the expensive hoops. I saw two ladies arrayed in this ancient costume, on Saturday, but they were wives of millionaires and the crowd could not afford to laugh at them. So it made "big eyes" at them and looked on their shrunken-up forms with wonder. It will be some time, I fancy, before this abominable fashion can become general, and yet the *modistes* say it must be accepted in the coming fall. Ugh! the very idea is killing. And then, only think, the bonnet is still diminishing. Before long bonnets will be out of fashion altogether. The latest style at present is nothing but a bit of lace on the top of the head, with ribbons attached to it, and by winter, even that pretense for a bonnet will have vanished into nothingness.

If any of the ladies have any skirt that their great grandmothers wore they had better overhaul them and get them ready as it is only a matter of time. We are all getting our good clothes ready to receive the Queen of the Sandwich Islands, who will arrive on the *Sacramento* about Sunday next.

The Polk County Contest

The manner in which the Democratic members of the House have managed the contested cases of the present session very fairly illustrates the general policy of that party They cry out "frauds" against their opponents and immediately commit the very acts which they have them selves just rebuked and denounced In the Grant county contested cases the Union members asked for time so that the controversy might be decided fairly and upon its just merits But no the matter must not be investigated Time could not be given and the sitting members were ousted without any inquiry into the case A Union member proposed to take up, investigate and pass upon the Polk county cases In an instant the Democratic side of the House discovered that time was necessary to a proper investigation of the matter, and that the cases could not be decided according to the requirements of justice without the minutest and most exhaustive inquiry These sticklers for justice have not yet even designated the time when it will suit their pleasure to take up these cases The Grant county contest could be decided at once although that county is remote from the Capital and the evidence not immediately obtainable, but the Polk county cases must wait from week to week and this, though the evidence is all at hand, and has been from the commencement of the session The Union contestants from Polk have a clear case and must eventually be awarded their seats, but it does not suit the purposes of the Democrats and the little clique headed by Ben Simpson who have become their allies, to have the cases decided now Talk about the people of Oregon being defrauded of their will by the present Legislature! Who is so deeply implicated in an effort of this sort as those by whom these charges are so freely bandied?

OREGON LEGISLATURE.

Fourth Regular Session.

Senate.

THURSDAY, Sept 27, 1866

Mr CYRUS presented the petition of citizens of Scio Linn county asking for a law incorporating the town as the "City of Scio"

On motion of Mr HUSTON the petition was referred to the Committee on Corporations, with instructions to report at early day

PROPOSITIONS AND MOTIONS—THE GRANT COUNTY CONTEST

Mr HUSTON moved to take up the resolution reported by the committee on elections—the resolution rejecting the proffered poll-books and granting time to take testimony—which was laid on the table yesterday The motion was agreed to.

The PRESIDENT stated the question to be the preceding motion of Mr. Pyle to adopt the resolution

Mr DRIBBLESBY, the contestant, asked if he would be privileged to be heard on this motion

Mr CARTWRIGHT moved that the contestant have the privilege of being heard

Mr JEFFRIES moved to amend the motion so as to privilege the contestant to appear "by attorney or otherwise," which prevailed and then the motion as amended was agreed to.

Mr DRIBBLESBY introduced Jas. K. Kelly as his attorney

Mr KELLY addressed the Senate in behalf of the contestant He arraigned the committee for stating that no evidence was offered to the committee except the poll books and then rebuked them for having censured the clerk of Grant county for unlawfully permitting the poll books to be taken out of his possession The argument of Mr Kelly was, in substance, against the resolution on the ground that the application of the sitting member for a continuance, was indefinite and insufficient in not setting out the names of persons alleged to have voted illegally and in other specifications sufficient to notify the contestant of the necessary line of evidence to be sought He objected that the answer and affidavit for continuance do not follow the rules of law or equity so closely as to be a sufficient ground for a continuance

Mr STERNS replied at length to the positions taken by Mr Kelly contending that if the analogies of the law were pursued, it would be the imperative duty of the Senate to allow the continuance asked for He said, it is conceded that there is no law governing the manner of conducting contests for seats in the Legislature. This being true, there is no law requiring me to take testimony or directing the time or method of taking it upon the alleged notice served on the 7th of July There being no law, it follows that the Senate, in the case of a contested seat in that body, became the only authority to authorize proceedings and direct how and when they shall be taken This position is fortified by the subsequent action of the contestant in presenting his memorial to the Senate The present proceedings are based not on the notice served last July but upon the memorial presented to the Senate on the 11th inst. That notice was not a legal notice and was not a process upon which any person must choose to act or not at his peril The attorney for the contestant charges me with negligence or what is termed *laches*, in law, in not proceeding upon the original notice, to take testimony Now let us examine that notice and apply to it some of the reasoning bestowed by the contestant's attorney on answer filed in this case. The attorney urged that the answer and affidavit were insufficient because of being indefinite—because they did not set out definitely the specific facts relied on, that the contestant is not notified by them of the particular things he must disprove to establish his right to the seat. I will read to the Senate the original notice upon which the attorney insists I should have proceeded to fortify myself with testimony

"CANYON CITY July 7, 1866

"To L. O STERNS, Esq—Sir Your are hereby notified that I shall contest your right to the office of State Senator for the county of Grant. Said contest will be heard at Salem Oregon before the Senate of the State of Oregon at its session commencing on the second Monday of September, 1866. The cause of such contest is that T. H Brents, the county clerk of Grant county, and the two justices of the peace associated with him, who canvassed the returns of votes from the precincts of said county, on the 14th day of June, 1866, wrongfully and unlawfully rejected the returns from the precincts of Grant, Elk, Union, John Day's and Olive, and wrongfully issued a certificate of election to you. A further ground of contest is that the votes cast for you at Rock Creek precinct were illegal Respectfully, &c

JNO. A DRIBBLESBY"

Now, Mr President, upon that notice, the attorney insists I should have proceeded to take testimony, and because I did not, I am accused of being guilty of *laches* Upon what particular thing could I have taken testimony? To what person was I pointed of whom to procure evidence to disprove that certain precincts were unlawfully rejected? What person is named as having voted illegally? Where are the specifications upon which I could proceed? There is a general statement that certain precincts had been unlawfully rejected, but no specification as to how or as to what law had been violated in such rejection. There is no specification that such returns were wrongfully rejected, having the lawful certificates of the lawful judges and clerks. There is nothing in the notice to put me upon proof that they were not lawfully certified; or were not lawfully sealed, or that they had been intrusted unsealed to unauthorized persons or that they had not any or all the qualities required by the law How then could I know from the notice what line of defense to make against the attack of the contestant? Where or in what particular would the contestant assail my right to a seat as connected with the precincts named? If the attorney insists upon following the analogies of the law, how can he come here and urge that without specifications in the complaint as to the nature of the suit, I am put upon the necessity of procuring evidence? He might as well tell me that if three months before a term of court my neighbor notifies me in writing that he is going to sue me and then when court comes on he may go into court and insist on immediate trial without giving me time or process of the court, to bring in my testimony My neighbor, using the attorney's reasoning, might say, "It is your own fault if you are not prepared to defend. I notified you three months ago that I was going to sue you." In law, I must be duly notified of the nature of the claim or charge against me, so that I may know what I shall have to defend against. I too, insist that in the trial of this contest, the analogies of the law must be followed, and that, as I have never received any such notice as would be sustained in any court of law or equity. So the Senate must hold that the notice of July 7th was not sufficient to put me upon proof of my right to this seat Again I may reply in the same strain to the memorial of the contestant. That document is no more explicit than the notice I will read it:

To the Senate of Oregon The undersigned respectfully states to your honorable body, that in a general election held in and for the county of Grant, on the 4th day of June, 1866, he was lawfully elected a State Senator for the said county of Grant, having received a large majority of all the legal votes cast at said election—that owing to the canvassing officers having improperly rejected the votes from five precincts in said county, L. O Sterns Esq, had an apparent majority of the votes in said county and received a certificate of election, and now claims to hold the said office against the rightful claims of the undersigned. He therefore asks your honorable body to investigate the said matter, and give to him his right to exercise the duties of the office to which he has been elected Respectfully JNO A. DRIBBLESBY

The contestant here sets up that he received a "large majority" of the votes of Grant county What specific statement is there in that, which I am put upon the necessity of disproving? What is a "large majority?"

The memorial sets up that the contestant is entitled to the seat. In what manner does it show to the Senate or anybody else that he is entitled to the seat? It does not even allege that I received illegal votes, or that illegal votes were cast for me It does not show, or attempt to show how many or what votes were illegally counted or illegally rejected It does not set forth upon what grounds the contestant avers that votes were unlawfully rejected. The memorial is therefore, wholly inadequate as the foundation of a suit in any court of record because it does not inform the Senate wherein consists the wrongful rejection of votes, or in what manner the contestant is entitled to the seat. No tangible points of illegality in the election, or in the action of the canvassers, or in my occupancy of the seat are named To take testimony upon such a document as the foundation of an action would be literally a leap in the dark Hundreds of pages of evidence might be procured upon supposed points to be raised and not a page of the right character, or to the points eventually developed in the trial.

The attorney for contestant complains of delay All the delay which has occurred up to this moment has been at the instance of the contestant as members of the committee have repeatedly stated on this floor The committee, after due deliberation has reported what they conceive to be the true course to pursue to obtain the facts and to subserve substantial justice If the analogies of the law are to be followed it is clear that after the issues are made up then upon a proper showing by either party a continuance should be granted In this case the pleadings of the parties such as they are are filed but there is no competent evidence on either side—no such testimony as would be permitted to be introduced in any court understanding the law without going behind these alleged original poll books and ascertaining by parol testimony that they are the identical poll lists made at the respective precincts As to these poll-books even a casual examination will disclose the fact that scarcely one of the requirements of the law have been complied with The action of the canvassers was therefore strictly legal, as there was nothing on the face of those returns to convince the canvassers that they were the legitimate returns from these precincts. I am as willing and as anxious as the contestant that there shall be a [illegible] [illegible] [illegible] [illegible] [illegible] which I can obtain [illegible] [illegible] every [illegible] of law and equity The testimony offered [illegible] [illegible] to the committee by contestant was properly rejected because not brought according to the requirements of law because the poll books had been for a long time in the hands of parties interested in altering them to suit their own advantage Under such circumstances they are open to the prejudice of suspicion To have placed the poll books before the committee without suspicion of their integrity they should have been sealed up, under the official seal of the clerk of Grant county through the proper official channels and kept in the proper official custody Instead of this they have been all the time in the hands of contestants and may have been altered [illegible] [illegible] as compared with [illegible] [illegible] Grant county furnished [illegible] by the clerk the poll books now show [illegible] [illegible] four or five votes more than they originally showed. This case must stand upon its own merits [illegible] [illegible] to be prejudiced by street rumors [illegible] what may have been the dictum of any Judge or by the action of the other House. All I ask is a fair hearing and an impartial judgment

The discussion of the resolution was continued by Messrs Huston against, and Johnson for till 1 o clock when Mr Carter moved to lay the resolution on the table, which prevailed

Mr BAYLEY moved that the Senators repair to the hall of the House for the purpose of voting in joint convention for U S Senator The motion was agreed to

[For proceedings of joint convention see House proceedings]

IN SENATE

The Senators having returned to their chamber the Senate was called to order and immediately adjourned

AFTERNOON—GRANT COUNTY CONTEST

Mr PALMER moved to take from the table the resolution in relation to the Grant county contested seat pending which he also moved a call of the Senate which was ordered.

The absentees were Messrs. Cranston Donnell Hinsdale Pyle and Sterns

The absentees shortly appearing, the question was taken on the motion to take up the resolution and it was agreed to

Messrs. Huston Jeffries and Bayley spoke at considerable length against the resolution, and Messrs Pyle, Dolph and Cartwright for it

At 4 P. M Mr CRANSTON moved the previous question which was sustained, and the resolution was adopted by the following vote

YEAS—Messrs. Brown, Cartwright Cranston Dolph Dowell, Hinsdale Johnson Powell Palmer Pyle Watson and Mr President—12

NAYS—Messrs. Bayley Caldwell, Crawford, Cyrus Ford, Huston, [illegible], Jeffries and Miller—9

Mr Sterns name was, of course, not called.

Mr JOHNSON moved to reconsider the vote and to indefinitely postpone that motion

Mr JEFFRIES demanded a division of the question

Mr PRESIDENT said the motion was susceptible of division and stated the question to be on the reconsideration of the vote on the resolution

Mr JOHNSON raised a point of order that the motion being capable of division the question of postponement would take precedence

Mr PRESIDENT ruled that a member could not properly make two motions in connection with each other; the latter must wait till the former is stated

Mr JOHNSON withdrew the motion and then renewed the motion to reconsider

Mr PYLE moved to indefinitely postpone that motion, which was agreed to

The Senate adjourned

House.

At 9½ A. M. the Speaker being absent, Mr Worth was elected Speaker *pro tem* During the calling of the roll the Speaker entered and took the chair Several members were absent, but there being a quorum present, the House proceeded to business. Journal of yesterday was read and approved Prayer by Rev. Mr Williams, of the Episcopal Church

PROPOSITIONS AND MOTIONS

Mr NICKLIN gave notice that on to-morrow or some subsequent day he would introduce a bill entitled "An act to amend an act entitled An act to improve the breed of sheep. Ordered printed

Mr LOCKHART announced his intention to introduce a bill entitled "An act to amend an act to establish and regulate quartz mining claims, and in relation to placer claims town-sites, water rights and mining camps.

FIRST READING OF BILLS

Mr HENDERSHOTT obtained permission to introduce a bill to improve State lands in Union county, which was read a first time and ordered printed The bill authorizes the commissioners to expend five thousand dollars in draining and otherwise improving such lands

Mr McCOY introduced a bill of which he had previously given notice, appropriating the sum of $2100 to reimburse the counties of the Fifth Judicial District for money paid out as an addition to the salary of the Judge of that District It refunds to Wasco county, $500; to Grant county $400—to Baker, $400 to Union $400 and to Umatilla, $400—to take effect Jan 1st, 1867 Ordered printed and read a second time to-morrow

Mr ROSSHEIM, chairman of the Committee on Commerce to whom was referred the biennial report of the Pilot Commissioners submitted a bill in accordance with their recommendation, revising and extending the present law for the government of pilots. Ordered printed.

SECOND READING OF BILLS

Mr GINGLES called for the second reading of his bill to prohibit amalgamation and intermarriage of the races. It proposes to prohibit the intermarriage of any white person with any other person having one-fourth of Indian Kanaka negro, or Chinese blood under penalty of imprisonment in the penitentiary not less than one nor more than four years Any person attempting to solemnize such a marriage is to be punished by imprisonment in the penitentiary or county jail for not less than three months nor more than one year Referred to a select committee of three consisting of Messrs Gingles Olney and Helm

COMMITTEE OF THE WHOLE.

On motion of Mr NICKLIN the House went into a committee of the whole on S J R No 6 proposing the election of Supreme and Circuit Judges in separate classes Mr Nicklin was called to the chair

The question was stated to be upon Mr Worth's motion to amend so that the proposition should not be submitted to the people until the next general election

Mr UPTON thought it would be improper to attach the amendment to the main proposition He moved that the committee recommend to the House that in case the resolution should be concurred in provision should be made for its submission to the people at the next general election

Mr WORTH urged the adoption of the resolution with his amendment.

Mr [illegible] thought it highly improper that any chance should be left for submitting the measure at a special election and he was therefor in favor of Mr Worth's amendment

Mr FOUDRAY was in favor of referring the matter to the people, but would not favor such reference unless it should be positively provided that it shall not be submitted at a special election

Mr LACEY was unequivocally in favor of the adoption of Mr Worth's amendment. He desired above all things to avoid the imposition of unnecessary expense upon the people of Oregon. If the resolution should be adopted with this amendment it will be submitted to the people two years hence and then the expense of a special election will be saved

Mr STARKWEATHER was opposed to the whole proposition He had heard no clamors from the people for the change, and thought the present system would do very well until the time provided by the Constitution—when the population of the State shall reach 200 000—shall arrive He was opposed, too, because it would have a bad effect against the Union party. Its enemies would saddle the blame for this increase of the State's expenses upon the Union party

Mr WORTH urged in favor of the proposition He thought the gentleman last upon the floor was unnecessarily frightened about this matter It was recommended two years ago by a Union Legislature and yet no capital had been made out of it against the party

Mr COX thought gentlemen should not legislate for the good of a party but for a people. He thought this change should be made and also that the propositions to increase the salaries of State officers and the per diem of the members of the Legislature should be acceded to. Poor men could not afford to hold office especially to act as Legislators for three dollars per day and such men are often as well qualified as rich men

Mr CHENOWETH answered some of the objections urged at the proposition. His constituents were in favor of it and the cost could be covered by cutting off unnecessary expenses now indulged in. Some had objected that we could get along with our present system as well as the United States could with the present system of the Supreme Court, which is similar to ours He contended that the two systems are not analogous at all.

Mr COCHRAN was opposed to it because he thought it was simply a proposition made in the interest of the lawyers The fact that they were all in favor of it was enough to induce him to vote against it. He thought the Republicans need not be so anxious to adopt an economical policy for the future with the hope of saving their party for its past conduct had already made it a "dead duck"

Mr AVERY said that whenever he desired information on any particular subject he went to those whose occupations made them well acquainted with it So in this case he thought that lawyers knew best as to the necessity for this change and as all of them were in favor of it, he would not oppose it. He was willing at least to submit it to the people

Mr GARRETT thought it best to wait till we have a population of 200 000

Mr LAMSON claimed that the matter had been decided by the people when they voted for the present Constitution that this change should not be made until our population reached 200,000

Mr OLNEY was opposed to Mr Worth's amendment because he thought the proposition should be submitted to the people immediately so that it might receive a candid consideration. If it should be deferred till the next general election, politicians would probably drag it into the canvass and so confuse the public understanding in regard to it that the people would just conclude to drop it

On motion of Mr GINGLES, the committee arose and its chairman was instructed to report progress and ask leave to sit again

The SPEAKER resumed the chair

Mr NICKLIN, Chairman of the Committee of the Whole, reported as instructed.

JOINT CONVENTION.

On motion of Mr UPTON the Senate was invited to meet the House in joint convention daily until a United States Senator is elected

Mr KNISELY thought it was altogether too liberal and he moved to reconsider the vote

On motion of Mr LOCKHART Mr Knisely's motion was indefinitely postponed [Laughter]

The Senate entered and the convention was called to order at 1 P. M

Mr STARKWEATHER As there will probably be a good many Union men balloted for this afternoon I will place in nomination W C Johnson of Oregon City

The ninth ballot resulted as follows

For A C Gibbs—Messrs Brown Dolph Donnell Hinsdale Johnson Powell Palmer Pyle Watson Day Garlick Gingles Herman Hinman Lamson Laughlin, Olney Upton Mr Speaker and Mr President—20

For J S Smith—Messrs Caldwell Crawford Cyrus Ford Huston Jeffries Miller Avery Baird Cochran Cox, Dempsey Dodge Foudray Gehr Hall Helm Hindman, Hunsaker Knisely Loring McCoy Moore Ross South Wells Whiteaker Withers and Worth—30

For H W Corbett—Messrs Bayley Cartwright Sterns Nicklin Parrish Roland, Rossheim and Stouffer—8

For Jesse Applegate—Messrs Cole, Lockhart, Melvin, and White—4

For W C Johnson—Messrs Davis Garrett Lacey, Starkweather and Witzel—5

For T Kendall—Mr Cranston—1.

On next ballot Messrs. Palmer Davis Day Gingles, Laughlin and Witzel changed to Wilson Bowlby of Washington county

Mr STERNS voted for Geo L. Woods of Dalles City

Mr HENDERSHOTT voted for J S Buckel of Portland.

On motion of Mr JOHNSON at 1 o clock P M adjourned The Senate retired and

On motion of Mr HOMASON the House adjourned till to-morrow

The *Times* says the Democrats have violated the compact The *Times* now admits that [illegible] [illegible] [illegible] it does not [illegible] [illegible] singular and [illegible] of Raymond and Weed [illegible] such [illegible]

The Buffalo *Advertiser* still carries Hoffman's name but its editor alleges a significant change.

The Cleveland *Herald* supports the regular Republican ticket

The Hartford *Courant* keeps silent

There is no more than in the Eastern States one single prominent Republican paper that supports the President's policy The President's late tour has produced the reverse result and destroyed the last latest hope of any good of the movements All signs show that Republican majorities will be everywhere beyond precedent.

The New York *Herald* editorially says Johnson is writing to Southern Governors that they should accept of the Constitutional amendment [illegible] and conditions are imposed by Congress The *Herald* says in that way Johnson will checkmate the radicals

Raymond publishes a long communication in response to a request by several persons that he would become a candidate for Congress He reviews his course during the past two years and deplores the breach between the Executive and Congress which he declares might have been easily prevented by concessions on both sides He says he has nothing in common with the Democratic party and concludes in these words "My past position does not command the approbation of a large body of those who originally gave [illegible] [illegible] and support [illegible] such approval so far as it can be had consistently with proper independence of personal opinion and action, Congress ceases to have for me any attraction or to offer opportunity for useful public service, and I shall best consult my own self respect as well as the prospects of my constituents and the interests of the Union cause by withdrawing my name from the canvass

The President continues under the pressure of a multitude of applications from all quarters to make appointments and removals daily Many of these have not yet been published there being no disposition to make them public for the present.

CONTINENTAL MONEY.—We were shown last evening a provincial note of North Carolina. This is [illegible] of the Portland Library Association by Frank [illegible] of Walla Walla. The note is printed on white [illegible] with but little embellishment. A ruled border [illegible] the wording of the note and some scroll work [illegible] on the left end of the note and outside the border. In the lower left-hand corner is a small cut about the size of a quarter dollar representing four flags crossed, two cannon, crossed above a drum. The note is [illegible] yellow by age, and is somewhat injured by mildew upon the right hand side. The signatures upon the face of the note are still very plain. Two of these are written in the right-hand corner, the first that of John [illegible] in black ink, and below this signature is that of [illegible] immediately to the left of these signatures, is the signatures in black ink of Rutherford and [illegible] Carroll, one below the other. The back of the note is covered with endorsements, some of them scarcely legible. [illegible] of these endorsements is not clearly defined, but there are undoubtedly the signatures of persons [illegible] at some previous time have owned the note and [illegible] it to subsequent persons, of [illegible] the meaning is not plain. There is also [illegible] stamped letters which are not legible on the back. [illegible] on the back are these: Capt. Barter [illegible] John Raymond to Joseph Carter by his son [illegible] to A M January 1775 M [illegible] L. William Batto, 21st February 1775 S [illegible]. The note is supposed to be ninety-five years old. The wording upon the face is perfectly plain and [illegible] old style letters seem very quaint and old [illegible] the words on the face of the note are as follows:

FIVE POUNDS No 1275

[illegible] of North Carolina is indebted to the possessor hereof, Five Pounds Proc money to be paid out of [illegible] according to act of Assembly, passed [illegible] 1771. The Portland Library has received in [illegible] an invaluable acquisition.

A [illegible] JOKE.—Yesterday evening as a gentleman was passing through Powell's Valley on his way to this city, he was met by a man who took a position in the center of the road and called upon the traveler to *stand and deliver*. A pause ensued. The highwayman looked savage, and seemed to mean mischief. Our traveler [illegible] to deliver up his *brains* nor having his [illegible], wisely concluded "discretion the better part of valor," remembering that "he who fights and runs away will live to fight another day," wheeled his horse and [illegible] back in search of assistance. He roused the neighborhood and related his tragic story, [illegible] in mustering a formidable force, well armed and equipped, to capture the blood-thirsty robber who had disturbed the quiet of their peaceful neighborhood. They soon reached the scene of the outrage, but the supposed robber had decamped. They went on in the [illegible] and at last found him and recognized him to be a [illegible] of the neighborhood. He proceeded to explain, saying that he did but mean to play a practical joke on the man, and that he had no criminal intentions. [illegible] looked flat, all enthusiasm and ardor were completely quenched, fighting men were *below par*, and everybody went home hugely disgusted.

[illegible] SPRINGS.—From our Dalles correspondent, date of the 27th inst, we learn additional particulars of the Indian raid upon the Warm Springs reservation on the [illegible]. Capt. Smith and Dr McKay arrived at the Dalles on the evening of the 27th and the Captain gives the following details of the late attack. A party of the Warm Springs Indians were out on a hunting excursion [illegible] about twenty miles east of the agency, on Monday, very early, the 17th inst., they were surprised by about twenty Snake Indians. A fight ensued in which the Snakes came off victorious, capturing [illegible] of their best [illegible] and killing the Chief of the Warm Springs Indians, Powastamoney, and wounding [illegible]. The Captain thinks the Snakes were on a [illegible] to the Warm Springs and that meeting with [illegible] party of hunters, and being so successful, they had changed their plans. The Agent is after [illegible] for his Indians to protect them. He says that if he cannot be favored with a [illegible] of soldiers for protection, he will protect himself by [illegible] his warriors. The Indian difficulties [illegible] Something must be done [illegible].

[illegible]—We were shown a pair of beautiful [illegible] presented to Gen Ingalls by the Oregon City Woolen Manufacturing Company. The blankets are made grey for the reason that that color is the army [illegible] of the finest quality, and contain [illegible] Ingalls' beautifully woven in them in [illegible] red. The General will take them to [illegible] an of "web-foot" industry. [illegible] 19 looms in operation and have [illegible] shipments of new machinery via [illegible] invoices are now on the way [illegible] coming around the Horn.

[illegible]—[illegible] the other day incidentally [illegible] Wells, Fargo & Co had received at their [illegible] a large lot of silver bullion. The [illegible] this statement and adds: "Yes, [illegible] received it at the Dalles,' that is, the [illegible] from the cars at night, and loaded [illegible] for Portland the next morning. That's the [illegible] at the Dalles." We accept the amendment.

[illegible]—Through the courtesy of Mr [illegible], we were shown the Internal Revenue [illegible] days amounting to $17, [illegible] increase is very rapid, as shown by [illegible] 1864, being $67,545 95; 1865 being $112,[illegible] for 1866 has already reached an aggregate [illegible] 712 06.

[illegible]—We see that the large lot of dry goods [illegible] auction on Monday next, is now arrayed in [illegible] room of Whitney Bros. The goods are finely [illegible] and comprise the very best styles in the market [illegible] go and [illegible] them to-day. There are [illegible] some sixteen or seventeen thousand [illegible].

[illegible] Wilson G Hunt last evening brought [illegible] large number of [illegible]. The wharf of the O. S. N. Co. is piled with freight awaiting shipment. The trade to the northern mines seems to [illegible]. Much is being done to compensate for [illegible] of previous months.

[illegible]—We seen a large crowd at at the circus [illegible] evening. Harry Jackson's jokes, to say the least, [illegible]. The [illegible] are very attractive. We [illegible] so large a house. The troupe will [illegible] the towns up the river and at the State Fair.

THE ARENA [illegible]—The Appolo Minstrels have [illegible] to their [illegible] Miss Clara Winston. Her appearance will be the first before any audience [illegible], Johnny [illegible], the jig dancer, will also appear [illegible].

[illegible] We would call attention to the advertisement of a farm for sale or to let. Here is a chance for [illegible] now arriving.

[illegible] We notice the return of Mr Hohn, of the firm of Hahn & Fiebel. They are now opening a large [illegible] stock of dry goods and clothing.

REV W. K. [illegible], having returned, will resume the services at Trinity Church. Divine service on Sunday at 10½ o'clock A. M. and at 7½ P M.

[illegible]—The [illegible] left San Francisco for Astoria and this city on the 27th inst.

We learn that Gov Woods has had a conference with Gen. Steele on the subject of Indian [illegible] in Eastern Oregon, and that Gen Steele [illegible] his determination to organize as soon as [illegible] the one hundred Indian scouts [illegible], and to put them in the field against the hostile tribes. Capt. Perry's company will be [illegible] forthwith to the Canyon City and Dalles road. Gov Woods has also tel[illegible] Stanton for further immediate [illegible].

— [illegible] is Sozodont, and if you use it [illegible] white gleam of the pearls between the parted [illegible] prove its excellence as a Dentifrice, and the [illegible] of the breath will attest its purifying properties.

[illegible] OF CONFIDENCE.—There is no article which [illegible] the entire confidence of the community [illegible] "Brown's Bronchial Troches." The Troches have [illegible] recommendations from the most celebrated [illegible] Lawyers, and Public Speakers, who [illegible] personal experience. EXPLAINED.

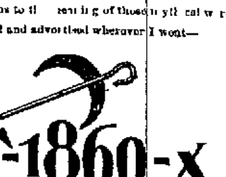
A "WEB-FOOT" HAS BEEN TO NEW YORK,

and reports as follows:

In [illegible] car, steamboat, saloon, [illegible] in the street, everywhere [illegible] with relation to or an inquiry as to the [illegible] words posted, printed and advertised wherever I went—



S.T-1860-X.

accompanied with a crescent and a shepherd's hook. A secession sympathizer said it was "Satan Triumphed in 1860 in granting the Expectations of abolitionists," while a Republican said it was "Stump-Tail Democrats of 1860 gone to Texas;" another "To the State Taxes of 1860 add ten (X) dollars;" another that they were the watch words of some secret society, like "Sons of Tecumseh" are 1860 Strong, or Seward's Tricksters of 1860 Used up, &c., &c. Well, your correspondent was ill—had been ill for a long time—in fact his late suppers had given him a horrid dyspepsia. He read the advertisements, and of course bought a bottle of Plantation Bitters. The Bitters cured him and on the bottle appeared those same cabalistic letters S T—1860—X. I traveled straight for 25 Park Row, introduced myself to the celebrated Dr Drake and was shown the elephant—tusks, S T, and all—and a great institution it is. A six story building in Liberty street, from cellar to garret is occupied as a laboratory for producing this single medicine. Some forty persons are employed; several vats holding six thousand gallons each, are filled with roots, herbs and material and then soaked in water, and the expression placed in pure St Croix Rum. I here saw the bags, boxes and Calisaya Bark, Wintergreen and other material—and the original St Croix Rum puncheons bearing the Custom-house brand. It seemed that medicine could here be turned out to supply a world of invalids—yet these gentlemen are unable to fill their orders for Plantation Bitters alone. I was shown many certificates of extraordinary cures effected by these Bitters. The proprietors will pay Uncle Sam near fifty thousand dollars for stamps this year.

* * * * * * *

RINGBOLT

We are happy to reproduce the above letter and add that any ordinary case of Dyspepsia, Liver Complaint, Nervous Affection, Sour Stomach, Loss of Appetite, Diarrhoea, Sinking Weakness, Mental Despondency, &c., can be cured by the Plantation Bitters. The original quality and high character of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

DRAKE'S PLANTATION BITTERS

Have been of great service in making people healthy and keeping them so. They should be found in every house hold.

They give tone to the Stomach, vigor to the body and remove dark doubts and unhappy feelings from the mind. They relieve pain and fortify the whole system against the attacks of disease.

There is nothing better to take for the Stomach's sake than the PLANTATION BITTERS.

They cure Dyspepsia, Heartburn, Indigestion, Drowsiness, Headache, Pain in the Side, Liver Complaint and Rheumatic Pains with magical power.

A good effect is felt at once upon making the first trial. No change of diet is necessary. Eat the best you can get and all you want. Follow our directions and you will soon feel

WELL, STRONG AND HEARTY.

A great many side hits are being made at the Plantation Bitters by a score or two of disinterested friends who have endeavored to imitate or counterfeit them. It's all of no use. The people won't be imposed upon. The Plantation Bitters are increasing in use and popularity every day, and that's what's the matter. They are the same sized bottle, and made just as they were at first, and will continue to be, or we shall stop making them.

They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhoea, Cholera and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.

They are the best Bitters in the world. They make the weak strong and are exhausted nature's great restorer. The Recipe and full Circular are around each bottle. Clergymen, Merchants, and persons whose sedentary habits induce weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, liver complaint, constipation, &c. will find *immediate* and permanent relief in these Bitters. But above all they are recommended to weak and delicate females and mothers.

They are sold by all respectable merchants. See that each bottle has our private United States Stamp over the cork and steel-plate side label.

Beware of refilled bottles. See that the stamp has not been tampered with. Any person pretending to sell Plantation Bitters by the gallon is a swindler and impostor, and should be immediately reported to us.

Mustang Liniment.

OVER A MILLION DOLLARS SAVED!

Gentlemen—"I had a negro man worth $1 200 who took cold from a bad hurt in the leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

J L DOWNING

Montgomery, Ala., June 17 1859.

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, &c. and all say it acts like magic." J W HEWITT, Foreman American, Wells, Fargo and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment." Gloucester, Mass. Aug 1, 1865. ED SEELY.

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is. All genuine is wrapped in steel plate engravings, bearing U S Stamp of DEMAS BARNES & Co over the top.

An effort has been made to counterfeit it with a cheap stone-plate label. *Look closely!*

Lyon's Katharion.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning gray and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Katharion will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

E THOMAS LYON Chemist N Y

Lyon's Extract Ginger.

LYON'S EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make a cheap and reliable article for culinary purposes. Sold everywhere at 50 cents per bottle. Ask for LYON'S PURE EXTRACT. Take no other.

CAUTION—See that the private U. S. Stamp of Demas, Barnes & Co is over cork of each bottle. None other is genuine.

Lyon's Flea Powder.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of fleas, ticks, bed bugs, roaches, &c., that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of E. Lyon and the private stamp of DEMAS, BARNES & Co. Anything else of this kind is a imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

The undersigned who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions. The sale of which daily increases. The acknowledged superiority of his mark and see which commands here and in the markets of the interior a relatively higher price, excite the cupidity of some manufacturers and every day he sees increasing the number of those who by counterfeit or imitation of his mark seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless buyers should be forewarned and placed on their guard against this practice.

STOP THAT COUGHING

SOME OF YOU CAN'T, AND WE PITY you. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure, but

NEWELL'S
Pulmonary Syrup

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of

NEWELL'S
Pulmonary Syrup

and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age for the healing of all diseases of the Throat and Lungs, assuring you that

NEWELL'S
Pulmonary Syrup

has cured thousands and it will cure YOU if you try it.
This invaluable medicine is pleasant to the taste, soothing, healing and strengthening in its effects, entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

Portability of Cholera

[From Dr Savecol Journal of Medicine]

Although cholera is not contagious it is portable or at least its cause is On this point will turn the wisdom or propriety of quarantine and if I enter somewhat into detail in stating those facts which bear upon it you will suppose that I am influenced by a desire that you should understand the question fully and not prejudge it in the statements of those who have lost faith in this preventive measure which at the same time you acquire additional information regarding the habits of the disease From our very first knowledge of cholera we have been familiar with the fact that it has marched from its home in the East along green gravelled roads that it has kept time with the movements of travel or at least has not marched it that it has followed the lines of commerce; that it sometimes attaches itself to armies and follows the course of their march over a large district of country attacking certain towns and villages, and not attacking others in its course—thus discriminating because the conditions necessary for the regeneration of the poison exist in one and not in another It has marched with caravans of pilgrims Pilgrims from Mecca brought the disease into Egypt and from Egypt it spread into various parts of Europe last year It has marched with pilgrims from the East into Arabia Indeed it is very generally asserted throughout Europe that only in isolated and exceptional instances is it found out of the line of travel and commerce while Pettenkofer holds that no instance of supposed spontaneous origin will bear the test of close examination that it always and everywhere in Europe originates in the action of choleric evacuations upon the soil these being discharged by a person arriving from an infected place or by such a person traveling and leaving the noxious secretions on his way

But the mode in which the disease crosses broad waters is more instructive How, for example did it first reach England? That country is separated from the continent by waters quite too broad to permit the wind to carry the poisonous principle from shore to shore, and as a matter of fact, the disease has first appeared there in regions where the sea is of the greatest width The very first point invaded on the shores of England was Sunderland near the parallel of 55 deg To this place it was brought by trading vessels, The points where it had made its attack in every epidemic in England, except one, have been upon the eastern coast, and at one or other of the principal commercial towns, Hull Sunderland, Newcastle, and in each instance the first cases occurred after the arrival of infected vessels The same is true of its appearance in Edinburgh in Scotland, and at Dublin and Belfast in Ireland It generally appeared in London only after it had made a landing in those more northern cities In one instance in the autumn of 1853, it occurred first in Liverpool, and a few days after at Newcastle, on the opposite coast. It occurred in Liverpool among the German emigrants who had just been landed there from Hamburg, where the disease was at the time prevailing It was clearly carried there, it was in the ship during its passage from Hamburg to Liverpool It soon became mildly epidemic in Liverpool, waiting, however, for the next warm season to become severely epidemic Then it has crossed the Atlantic, and how? At one time it was fashionable to assume that the cholera marched by a certain steady progress, that it was caused by a great morbific wave rolling slowly and steadily eastward, and that it would envelope place after place at pretty regular intervals, but this opinion does not bear close inspection In its movements in India, at first its progress was about 21 miles a week, its movements from the delta of the Ganges to Canton in China, going eastward, it traveled little more than 10 miles in the week, when it reached Europe its progress was estimated at a greater speed, 80 or 100 miles in the week, but a hundred was the highest figure assumed to represent its progress Now, dating from the time the cholera first appeared in Sunderland, in 1831, to the time when it first reached Quebec, and then New York, the rate of progress would hardly be greater than that indicated by the highest of those figures, but in subsequent epidemics it has crossed the ocean at the rate of 250 miles and 450 miles a week Then too, it appeared in England before it assailed the region intervening between Hamburg and the British Islands, and the question arises, if it depends solely upon such atmospheric wave, why were these intermediate places exempted? Again, when it came to this country, it first appeared at Quebec and Montreal If that wave has rolled across the Atlantic, and so reached these cities, it must have passed directly over Nova Scotia, New Brunswick, and the northern part of Maine, and yet no disease was found there until long after it had made its way to New York, and thence spread in various directions. But we find that the brig *Carricks*, and another vessel bringing emigrants to Canada, reached Gros Island, the quarantine grounds of Quebec, and 30 miles below it, on the 3d of June, 1832, having cholera on board, and that the emigrants of these vessels were taken by steamer from the quarantine grounds; that some of them were landed in Quebec and some in Montreal, and in two days from the time this steamer reached each of these cities, that is on the 8th and 10th of June, the disease broke out in these towns, and that it gradually spread to become a severe epidemic —*Extract from Prof. Clark's Lectures on Cholera, in New York Medical Record.*

Another Paper Backs Down —The New York *Commercial Advertiser* is a conservative paper, and has steadily opposed the course of the majority in Congress, but it cannot support the President's policy as illustrated at New Orleans It says:

Now we hope that the construction placed on this New Orleans riot is utterly wrong and unjustifiable Its cause and origin was not with the Radicals It sprang from a rebel source—a source as utterly disloyal as New Orleans was when Farragut thundered before the city and replaced the rebel flag with the banner of stars It is a fresh outbreak of the spirit that drove Union men out of the city in 1861, and which gave over the whole South to anarchy and reduced it to a wreck Mistaking the clemency of the President and the tolerant magnanimity of the North, this spirit is haughty and defiant, and as anxious "to be let alone," as when it was ranged in arms across the continent, and had something more than the mere semblance of power We wish that we could hold the President and his policy altogether guiltless of this revival of the spirit which, for the sake of perpetuating caste and establishing an oligarchy, drenched the land in blood during a four years war But we are confident that when the record is made up, it will be seen that pardoned and promoted rebels have been the agents in this new outbreak, and that real antagonism to the Union underlies the whole affair We have constantly urged a policy of kindness toward the people lately in rebellion, but we have as constantly urged the proofs of a good disposition toward the Union and the Constitution, the evidence of thorough loyalty and obedience to law, be made a condition precedent of rehabilitation

Gen. Von Moltke, the Great Prussian Strategist —This skillful strategist, who has been the chief director of the movements by which the three Prussian armies, starting from three different points, were collected at the necessary hour on the field of Koniggratz has never, except at that battle appeared in front of the armies, Some distance in the rear sitting calmly at his desk he has traced on the map the course of his troops and by the means of the field telegraph has flashed his orders to the different Generals in more immediate command with such skill and foresight that not a movement has failed and every combination has been made at exactly the right moment A quick, light blue eye, a high forehead, and a well set figure, mark him an intellectual and energetic man but though quick in action he is so prudent in his course and so guarded in his speech that from this quality and his wide knowledge of European languages he is known as the man who is silent with seven tongues Careful and laborious, he has worked out with his own hand, and himself calculated almost every detail in the operations in which he has taken Europe by surprise from the lightning rapidity of his strokes and the tremendous consequences of his dispositions before which the Austrian army has withered almost before it was gathered together, and which have won for him from his countrymen the title of the first strategist in Europe —*London Times*

Cause for Removal —A postmaster at Rome, New York recently displayed the flag on the occasion of a radical victory, and was soon after removed An Eastern paper notices the removal in this style

If any man undertakes to haul down the American flag shoot him on the spot" wrote Gen Dix to the naval commandant at New Orleans And all the people said "Amen" If any postmaster hangs out the American flag, I shall remove him on the spot" says President Johnson, by his treatment of the loyal postmaster at Rome who was removed for displaying the stars and stripes from his window And Gen Dix says, Amen!

Indiana —The Copperheads of Indiana are *in extremis* and have invited George H Pendleton to assist them He met with a sorry reception lately at Lawrenceburg where he harangued a crowd which had been brought together by the presence of a circus

Jeff Davis—Rumors that he will be Released —A letter dated Fortress Monroe August 30th says The impression is steadily and surely gaining ground here that Jeff Davis will soon be released from his long imprisonment The impression however it must be remembered is not produced by any action as yet that has been taken by the Government that could be construed as preliminary to his release nor by any information received from and authoritative source but is merely the result of opinions frequently expressed by those most competent to know It is well known that strenuous efforts have lately been made in Washington and frequent interviews sought with President Johnson though in a more quiet manner than formerly by Charles O Conor and many of Davis's warmest friends for the purpose of securing a conditional parole for him upon the ground of his continual ill health The tremendous pressure which has been brought to bear upon President Johnson and the inspiration and confidence he received through the proceedings of the convention recently held in Philadelphia it is generally thought has at last forced him to yield and that he will shortly grant Davis a parole on about the same terms Clement C Clay received Mrs Davis, since her return from Canada seems more hopeful Davis's physician states that his patient's health is not so precarious as his friends represent

Colorado Election —Governor Cummings has issued the certificate of election to A C Hunt the Democratic candidate for Congress The Denver *News* denounces it as a swindle and an outrage, and talks of threats by the friends of Chilcott of a coat of tar and feathers The Union men claim for Chilcott a majority of 108, and say the Governor issued the certificate in opposition to a vote of the majority of the Board of Canvassers

General Butler is needed at New Orleans to reconstruct Mayor Monroe again President Johnson has got Ben's handiwork into some confusion

WEEKLY REVIEW

Portland Friday 2 P M,
Sept 28d 1866

We have but little to note for the period passing in review In the California markets but little change of moment is noticed Transactions were generally restricted to the auction rooms, although a slight movement was noticeable among importers of Candles, Oils Rice Sugars etc and prices for these staples seem firmer The jobbers are doing the usual amount of trade, and are kept busy filling orders for the up river boats and country demands though the prices of Groceries and Provisions have not materially changed of late

The wholesale grocers of San Francisco had their adjourned meeting 21st inst., but was strictly private The attendance was small, but two or three leading jobbers being present there were, however, some twenty persons assembled, including the delegation from Sacramento So far as we can learn, no definite action was taken on the matters presented. Most of the leading jobbers look with disfavor on these meetings.

We notice this week a slight advance in Isthmus butter

The hardware trade is very good for the valley and but little hardware stock for the Columbia river trade

Wholesale and Jobbing Prices.

Portland, September 28, 1866

Trade this week has been active The amount of goods leaving the city for the interior has been large. The Peoples Transportation Company have all they can do at the present stage of water The greater amount of goods are being transported by wagons Our merchants are busily engaged in preparing for the Fall trade now at hand With abundant crops and an easy money market the demand for merchandise will doubtless be very large for all the inland towns We already see numbers of merchants from various places, now in the city are busily engaged in filling up their stocks Large amounts of flour, bacon, butter, eggs and lard has been received. The demand for goods for the northern trade is large Merchants there are rapidly filling up their supplies for the coming winter and in anticipation of the closing up of the roads Freights are lighter and the risks less than they will be when the final closing up of the roads is more nearly at hand.

In domestic produce we notice but little doing Large amounts of bacon has been received It is jobbing at 19@20c. Flour is being rapidly received Wheat—none in market, it being too early for the delivery of this season's crop and the low stage of water keeping back what has been received by country dealers

SOMETHING NEW!
THE NEW LIGHT!
DANFORD'S
Atmospheric Coal Oil Gas Lamp!

ARTIFICIAL LIGHT OF SOME SORT, IS A UNIversal necessity A Safe, Cheap and Brilliant one is a Luxury—a luxury only enjoyed heretofore by those who live in large cities where Gas is used Years of study and much capital have been exhausted in experiments to produce a lamp wherein the ordinary Kerosene or Coal Oil could be used without a chimney and without unpleasant odor while in use. That fruitful source of expense trouble and annoyance the chimney is in DANFORD'S COAL OIL GAS LAMP avoided; it is the most perfect Lamp and will entirely supersede all other Coal Oil Lamps; it is the cheapest artificial light that can be used yielding the light of an ordinary six foot Gas burner for less than ½ cent per hour or double the quantity of light of an ordinary Chimney Lamp for one third the cost It will burn when turned down to a taper light ten hours for a cent, is free from smoke, can be carried from room to room and the wind will not blow it out These LAMPS will be on exhibition and for sale at the Music and Art Gallery of Shanahan & Dufrene, corner of Morrison and First streets
